This thought-provoking volume affirms the enduring relevance of Confucian moral and political thinking, and will stimulate important debate among policymakers, researchers, and students of politics, philosophy, applied ethics, and East Asian studies. The contributors are Daniel A. Bell, Joseph Chan, Sin Yee Chan, Chenyang Li, Richard Madsen, Ni Lexiong, Peter Nosco, Michael Nylan, Henry Rosemont, Jr., and Lee H. Yearley. This book compares the role of a sense of justice in the ethical and political thought of Confucius and John Rawls. Erin Cline demonstrates that the Analects (the most influential record of Confucius' thought) and Rawls's work intersect in an emphasis on the importance of developing a sense of justice.
