New edition incorporates thumb indentations for the 14 main channels plus extra points and a dust jacket.

Since its publication in 1998 this comprehensive text has rapidly become the standard acupuncture point book for students and practitioners throughout the English-speaking world. Detailed exposition of the names, locations, indications and actions of every point, it is characterised by hundreds of beautiful and anatomically exacting illustrations (one for every point), lengthy commentaries on the points, numerous point combinations drawn from classical texts and comprehensive indexes.

Features:
> Introductory chapters on the channels & collaterals, point categories, point selection methods, point location & needling
> Illustrations & text descriptions of all primary, extraordinary, divergent, luo-connecting & sinew channels
> The points of the fourteen channels & the extra points with their English name, Chinese name & Chinese character
> The most exacting & accurate anatomical point locations yet published in any English text with practical point location notes to assist in easy location
> 500 illustrations, with a single dedicated illustration for every point
> Point actions to aid the understanding & memorisation of each point’s principal qualities
> Extensive lists of point indications taken from numerous classical & modern source texts & grouped for ease of reference
> Substantial commentaries explaining in detail the principal historical & modern applications of the point, & drawing on classical & modern texts & the extensive clinical experience of the authors
> Numerous classical prescriptions showing how the points have been used & combined through nearly two millennia of practice
