A former New Testament colleague was once asked by a student how he could learn to do exegesis, intending that his teacher should suggest a book. My colleague answered, "You will just have to take a course." Therefore, the ultimate aim of the Biblical student is to apply one's exegetical understanding of the text to the contemporary church and world. Thus this guide also includes some suggestions for moving from text to sermon. The process of doing exegesis, and writing an exegesis paper, is determined in part by the reason(s) one comes to a particular text.
