BOOKS EDITED

**REFEREED JOURNAL PUBLICATIONS AND BOOK CHAPTERS:**

41. “Preparation and Hydration Kinetics of Pure CaAl₂O₄,” M. A. Gulgun, I. Nettleship, O. O. Popoola, W. M. Kriven and J. F. Young. In Advanced Cementitious Systems:
42. “In Situ Transmission Electron Microscopy (TEM) Investigation of Fracture Mechanisms
   in a Calcium Aluminate MDF Cement,” O. O. Popoola, W. M. Kriven and J. F. Young.
   In Advanced Cementitious Systems: Mechanisms and Properties, edited by F. P. Glasser,

43. “Chemical Preparation and Phase Stability of Ca$_2$SiO$_4$ and Sr$_2$SiO$_4$ Powders,” I.
    Nettleship, J. L. Shull Jr. and W. M. Kriven, J. European Ceramic Society, 11 291-298
    (1993).

44. “Phase Transformations in Dicalcium Silicate. I: Fabrication and Phase Stability,” I.

45. “Phase Transformations in Dicalcium Silicate. II: TEM Studies of Crystallography,

46. “Microstructure-Property Relationships in Macro-Defect-Free Cement,” J.A. Lewis and

47. “Phase Transformations in Dicalcium Silicate. III: Effects of Barium on the Stability of
    Fine-grained $\alpha_1'$ and $\alpha_2'$ Phases,” I. Nettleship, K. G. Slavick, Y. J. Kim and W. M.

48. “Kinetics and Crystallography of the Monoclinic (B) to Cubic (C) Transformation in
    Dysprosia,” O. Sudre, K. R. Venkatachari and W. M. Kriven, in Science and Technology

49. “High Temperature Transformation Toughening of Magnesia by Terbia,” P. D. Jero and
    W. M. Kriven, in Science and Technology of Zirconia V. Technomic Publishing

50. “Microstructural Investigation of Fracture-Initiating Nickel Sulfide Inclusions in Glass,”
    (1993).

51. “TEM Study of Synthetic Hillebrandite (Ca$_2$SiO$_4$•H$_2$O),” Y.J. Kim and W. M. Kriven, J.

52. “Mechanical Properties and Microstructure of CaZrO$_3$-Ca$_2$SiO$_4$ Composites,” T. I. Hou

162. “Comparison of Naturally and Synthetically-Derived, Potassium-Based Geopolymers,” M. Gordon, J. Bell and W. M. Kriven, Ceramic Transactions, vol. 165. Advances in

PUBLISHED CONFERENCE PROCEEDINGS

FURTHER PAPERS IN PREPARATION FROM COMPLETED WORK:

- “Kinetics and Crystallography of the Monoclinic (B) to (C) Transformation in Dysprosia. Parts I & II,” O. Sudre, K.R. Venkatachari and W. M. Kriven. For the Journal of the American Ceramic Society.

- “The Oriented Decomposition of Dolomite, Ca Mg (CO3)2,” W. M. Kriven For J. Am. Ceram Soc., Communication.

Edited books are valuable in that the individual chapters are generally authored by specialists. Sometimes the chapters were originally published as journal articles, and are reprinted because of their enduring importance. In other cases, the editors have asked authors with differing perspectives to state their points of view on a single topic. These multiple "takes" on a single subject can be crucial in looking at a topic's broader perspective. Be careful, though.
