Permissions:  
We thank the following organizations for permission to use their illustrations:  
*Breast Health Access for Women with Disabilities* at the Alta Bates Summit Medical Center (for a drawing on page 130); Pearl S. Buck International, Vietnam (for sign language drawings on pages 369-370); Sahaya International, USA (for sign language illustrations drawn from photographs in *The Kenyan’s Deaf Peer Education Manual*, on pages 369-370); and Jun Hui Yang (for Chinese Sign Language illustrations on pages 369-370).
THANKS

It is impossible to adequately thank all the people who helped make *A Health Handbook for Women with Disabilities* a reality. It started 10 years ago as a good idea shared by 2 women, and grew into a remarkable international collaboration between women with disabilities and their friends in more than 40 countries.

Listing a person’s name does not begin to say how much her efforts and ideas helped create this book. Every staff member, intern, and volunteer here at Hesperian also helped bring this book into the world, including those who raise funds, manage finances, publicize our materials, and pack and ship them around the world.

Along with our tireless medical editors, we called on a few reviewers over and over again, and they deserve a special mention and our sincerest thanks: Naomy Ruth Esiaba, Kathy Martinez, Gail McSweeney, Janet Price, Judith Rogers, Andrea Shettle, Ekaete Judith Umoh, and Veda Zachariah.

Many thanks to the following groups of people with disabilities who contributed so much of their hearts, time, and personal experience to help us make sure the material in this book would be useful to women with disabilities all over the world:

- **Afghanistan**: the National Association of Women with Disabilities of Afghanistan (NAWDA)
- **Cambodia**: the Women with Disabilities Committee of the Disability Action Council
- **China**: MSI Professional Services
- **Colombia**: the Colombian Association for Disabled Peoples (ASCOPAR)
- **El Salvador**: La Asociación Cooperativa de Grupo Independiente Pro Rehabilitación Integral (ACOGIPRI)
- **Fiji**: the Support Group for Women with Disabilities
- **Finland**: the Abilis Foundation, and The National Council on Disability
- **Republic of Georgia**: the Gori Disabled Club
- **India**: the Amar Jyoti Charitable Trust, Blind People Association, Catholic Relief Services (CRS), Disabled People’s International, Humane Trust, and Sanjeevini Trust
- **Jamaica**: Combined Disabilities Association
- **Kenya**: The Bob Segero Memorial Project, and Hope
- **Laos**: the Lao Disabled People’s Association, and the Lao Disabled Women Development Center
- **Lebanon**: the Arab Organization of Disabled People, and the National Association for the rights of Disabled People Lebanon (NARD)
- **Lesotho**: the Lesotho National Federation of Organizations of Disabled
- **Mauritius**: the Association of Women with Disability
- **Nepal**: the Nepal Disabled Women Society, and Rural Health Education Services Trust (RHEST)
- **Nigeria**: the Family-Centered Initiative for Challenged Persons (FACICP)
- **Palau**: the Organization of People with Disabilities (Omekasang)
- **Philippines**: Differently Abled Women’s Network (DAWN), Disabled People’s International (DPI), and KAMPI
- **Russia**: Perspektiva (the Regional Society of Disabled People)
- **South Korea**: Korean Differently Abled Women United
- **Tanzania**: The National Council for People with Disabilities
- **Thailand**: Disabled People’s International-Asia Pacific
- **Trinidad/Tobago**: the Tobago School for the Deaf, Speech and Language Impaired
- **Uganda**: the Disabled Women’s Network and Resource Organisation (DWNRO), Mobility Appliances by Disabled Women Entrepreneurs (MADE), and the National Union of Disabled Persons of Uganda
- **USA**: Mobility International USA (MIUSA), Through the Looking Glass, Women Pushing Forward, and the World Institute on Disability (WID)
- **Vietnam**: the Vietnam Veterans of America Foundation
- **Yemen**: the Arab Human Rights Foundation
- **Zimbabwe**: Disabled Women Africa (DIWA), the National Council on Disabled Persons of Zimbabwe, the Southern Africa Federation of the Disabled (SAFOD), and Women with Disabilities Development (ZWIDE)
Our heartfelt gratitude to everyone who gave so generously of their time and knowledge. Your commitment to health care for women with disabilities brought this book into the world.

We also want to thank and remember the following women who contributed so much, not only to this book, but to the community of women with disabilities around the world. Sadly, they died before the book was published: Hellen Winifred Akot, Tanis Doe, Ana Malena Alvarado, Connie Panzarini, Nanette Tver, Barbara Waxman-Fiduccia, and Sandra Welner.

We also thank the following foundations and individuals for their generosity in financially supporting this project: Alexandra Fund; Chaim Tovim Tzedakah Fund of the Shefa Fund; Christopher Reeve Paralysis Foundation; Displaced Children and Orphans Fund/ Leavy War Victims Fund, U.S. Agency for International Development (under terms of JHPIEGO contract no. 06-TSC-022); Flora Family Foundation; Ford Foundation; Global Fund for Women; James R. Dougherty Jr. Foundation; Jennifer Kern; Kadoorie Charitable Foundation; Margaret Schink; Marguerite Craig; Mariji Greenhut; May and Stanley Smith Charitable Trust; Norwegian-Dutch Trust Fund for Gender Mainstreaming/World Bank; Swedish International Development Agency; and the West Foundation.
# CONTENTS

**Introduction: Why a book about health for women with disabilities?**

1. **Disability and the community**
   - What is disability? ........................................ 6
   - Causes of disability ........................................ 10

2. **Organizing for disability-friendly health care**
   - Root causes of problems ................................ 31
   - Health care is a human right for all ............... 33
   - Making health services easier to use ............... 35
   - Make buildings easier to use ......................... 38

3. **Mental health**
   - Challenges to mental health ......................... 50
   - Depression .................................................... 54
   - Trauma .............................................................. 56

4. **Understanding your body**
   - When a girl’s body starts to change ................. 71
     - (puberty) ...................................................... 71
   - Monthly bleeding (menstruation) ................... 74

5. **Taking care of your body**
   - Eat well for good health ............................... 86
   - Keep your body moving ................................. 88
   - Contractures .................................................. 94
   - Preventing common problems ...................... 96
   - Bladder control ............................................. 101
   - Urinary infections ........................................ 105
   - Bowel control ............................................... 107

6. **Health exams**
   - What regular health exams can tell you .......... 126
   - The breast exam ............................................. 128

7. **Sexuality**
   - Harmful beliefs about disabled women’s sexuality ........................................ 140
   - Learning about sexuality ............................... 142

8. **Sexual health: preventing sexually transmitted infections including HIV/AIDS**
   - Trichomonas ................................................... 159
   - Gonorrhea and chlamydia ............................... 160
   - Sores on the genitals ....................................... 163
   - Genital herpes and genital warts .................... 165
   - Hepatitis ....................................................... 167
9. Family planning ................................................................. 185
   How family planning works ........................................ 187
   Barrier methods .............................................................. 189
   Intra-Uterine Devices (IUDs) ............................................. 195
   Hormonal methods ............................................................ 196
   Birth control pills .............................................................. 197

10. Pregnancy ............................................................................. 209
   Planning for pregnancy and birth ....................................... 213
   Staying healthy ................................................................ 215
   The 9 months of pregnancy .............................................. 217
   Discomfort during pregnancy ............................................. 220
   Movement and balance ..................................................... 222

11. Labor and Birth ................................................................. 235
   How to tell you are in labor ............................................. 236
   How to make labor easier ................................................. 240
   Birth by operation (Cesarean) .......................................... 244
   Danger signs during labor ................................................ 245

12. Caring for Your Baby .......................................................... 253
   Breastfeeding .................................................................. 255
   Feeding an older baby ....................................................... 265
   Comforting the baby ......................................................... 266
   Changing and dressing the baby ....................................... 268

13. Growing older with a disability .......................................... 277
   Health problems caused by aging .................................... 278
   Find new ways to do things ............................................. 281

14. Abuse, violence, and self-defense ..................................... 287
   Emotional abuse ................................................................ 290
   Physical abuse .................................................................. 294
   Preventing abuse .............................................................. 295
   Leaving violent partners ................................................... 297

15. Support for Caregivers ......................................................... 313
   Value caregivers .............................................................. 315
   Caregivers need help too ................................................ 317

Green Pages ........................................................................... 327
   How to take medicines safely .......................................... 327
   Taking other medicines with your disability medicines .... 328
   Kinds of medicine ............................................................ 330

Appendix A: Take care of your equipment ................................ 363
   Hearing aids .................................................................... 363
   Using a stick to get around .............................................. 365

Appendix B: Sign language for health .................................... 369

Index ........................................................................................ 385
Family planning for women with disabilities (and their partners — whether able-bodied or disabled) must be made available. As is the case with the inclusion of persons with disabilities for all Millennium Development Goals, general reproductive health disabilities. Finally, women with disabilities face additional concerns that must be anticipated in Millennium Development Goal programming: (a) Contrary to the goals and principles of all the human rights conventions, women with disabilities and girls as young as 7 and 8 are often sterilized against their knowledge or will; (b) In some communities, women (and men) with disabilities who have children face the prospect of having their children taken from them because the parents have a disability.
