Mastering French Vocabulary, Second Edition

By Wolfgang Fischer and Anne-Marie Le Plouhinec

Reviews

These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.
-- Everett Stanton

Here is the very best book i have study until now. It is rally fascinating throgh looking at period of time. It is extremely difficult to leave it before concluding, once you begin to read the book.
-- Dr. Blaze Runolfsson IV
This is a really awesome book for increasing French vocabulary. I got it as a supplemental learning tool to try to teach myself French, and I found it very effective in teaching me a large number of French words. Barron's Mastering French Vocabulary provides a large range of vocabulary, ranging from the most basic words for identifying and addressing people, to more advanced (though non-technical) vocabulary on topics such as justice, computers and the environment. It would be well suited to students at A-Level or baccalaureate level, or for learners who know the basics but want to get to the level where they can comfortably communicate and understand a variety of French material.
