Hunting waterfowl is different than hunting other animals in theHunter. While tracking and spotting are key to a successful hunt on deer, bear, turkey, etc., these skills are less important for waterfowl hunting. You will discover very soon that it is a totally different experience. There are about 30 birds that start on the map (ducks on water, geese on ground) when the game starts. These are like all other animals randomized over the map at the start of the game. All other birds however spawn and Waterfowl of Illinois book.
