George Washington Carver Timeline
Timeline Description: George Washington Carver was one of the best-known African-Americans of the early 20th century. He believed it was important to develop practical farming methods to help poor farmers learn to be self-sufficient. He was interested in both art and science and became a prominent botanist and teacher. George attends Simpson College to study piano and art. His art teacher is impressed by his ability with plants and encourages him to transfer to Iowa State College of Agriculture in Ames, Iowa. 1891. George Washington Carver transfers to Iowa State College of Agriculture. Carver is the first black student to attend Iowa State College of Agriculture. He begins his study of plants. George Washington Carver speaks about his work at Tuskegee. Books/Music/Movies. Images and Sounds from The Schomburg Center for Research in Black Culture: George Washington Carver, scientist.
